PRO SERIES HOT DOG STEAMER			
PART#	SHIP WGT.	DESCRIPTION	LIST
8030	31lbs.	Pro Series Hot Dog Steamer	\$459.00

The Pro Series Hot Dog Steamer is Paragon's top steamer. This unit has a drop-down, glass door which allows quick access serve fresh, plump hot dogs and perfectly steamed buns. The large capacity steamer accommodates up to 192 hot dogs and 30 buns. Both the front drop down door and rear panel are made of tempered glass for increased food safety, and ensures the delicious product can be visible to hungry customers. Constructed of 20-gauge stainless steel, the steamer is durable and resists corrosion, dents and scratches. This hot dog steamer's side-by-side design streamlines heat and humidity controls, while a shelf in the hot dog compartment separates product for even heat distribution. A drip tray keeps reservoir water clean. Removable product trays and sliding doors allow for easy access to hot dogs and buns and makes for simple easy clean up. The proprietary heating system featuring a heavy-duty submersible stainless-steel element for quick heat up and a lasting supply of steam for cooking. The over-sized eight-quart (7.57 liter) water reservoir has a quick turn water release ball valve which allows for safe, quick and simple water

removal. An innovative float switch provides an automatic shut-off feature when water falls below a certain level and a low-level indicator LED illuminates when the water level is low. A sliding water fill slot allows the operator to fill the unit while in operation. The divided hot dog tray accommodates any size hot dogs and sausages and can be cooked and merchandised simultaneously. The product trays and drop-down door are dishwasher safe. With a range of 85-175 degrees Fahrenheit, the adjustable thermostat can be set for accurate temperature control ensuring proper temperature for fresh, plump hot dogs. In the bun compartment, a rack is included to keep buns warm without becoming soggy.
