

The number of servings per bag or block of ice will vary greatly depending on the size and type of ice shaver you choose and the size of your cups. Ice temperature, handling and blade settings will play key factors. Below is an estimate of the number of servings yielded by block or cube ice:

Type of ice used	8 oz cup	12 oz cup	16 oz cup	20 oz cup
Block Ice 12 lb	20-25	15-20	12-16	10-14
Block Ice 6 lb	10-13	7-10	7-8	5-7
Bag of Cube Ice 8 lb bag	25-30	20-25	15-20	10-15
