SRCM SERIES CHEESEMELTERS

The SRCM Series is a gas powered Cheese Melter that is built with Sierra quality and power in mind. It has a fully stainless steel exterior, preventing rust and corrosion. This will allow the cheese melter to keep its new shine, and to remain in perfect working order for years to come. The interior is aluminized steel, and the unit comes with a nickel plated shelf that has four different adjustable positions. The SRCM Series also has a drip pan making the machine convenient and sanitary.
